

Overview

The Black Vox Calculator is a professionally modified covert audio recorder built for covert long term audio recording activities.

The device can be left in plain sight and operate in Voice activated mode or continuous recording mode.

All modifications to the calculator are made inside the device.

To recharge or offload the device, users need to unscrew the back of the device to access the charge/offload port.

The Black Vox Calculator has 75 Days of standby battery and can record for upto 72 hours continuously.

Requirements

- System Compatibility: Windows Vista, Windows 7, Windows 8, or Windows 10, Mac, iPhone/iPad, Android Phones or Tablets
- Media player app on phone or computer to play *.MP3 files
